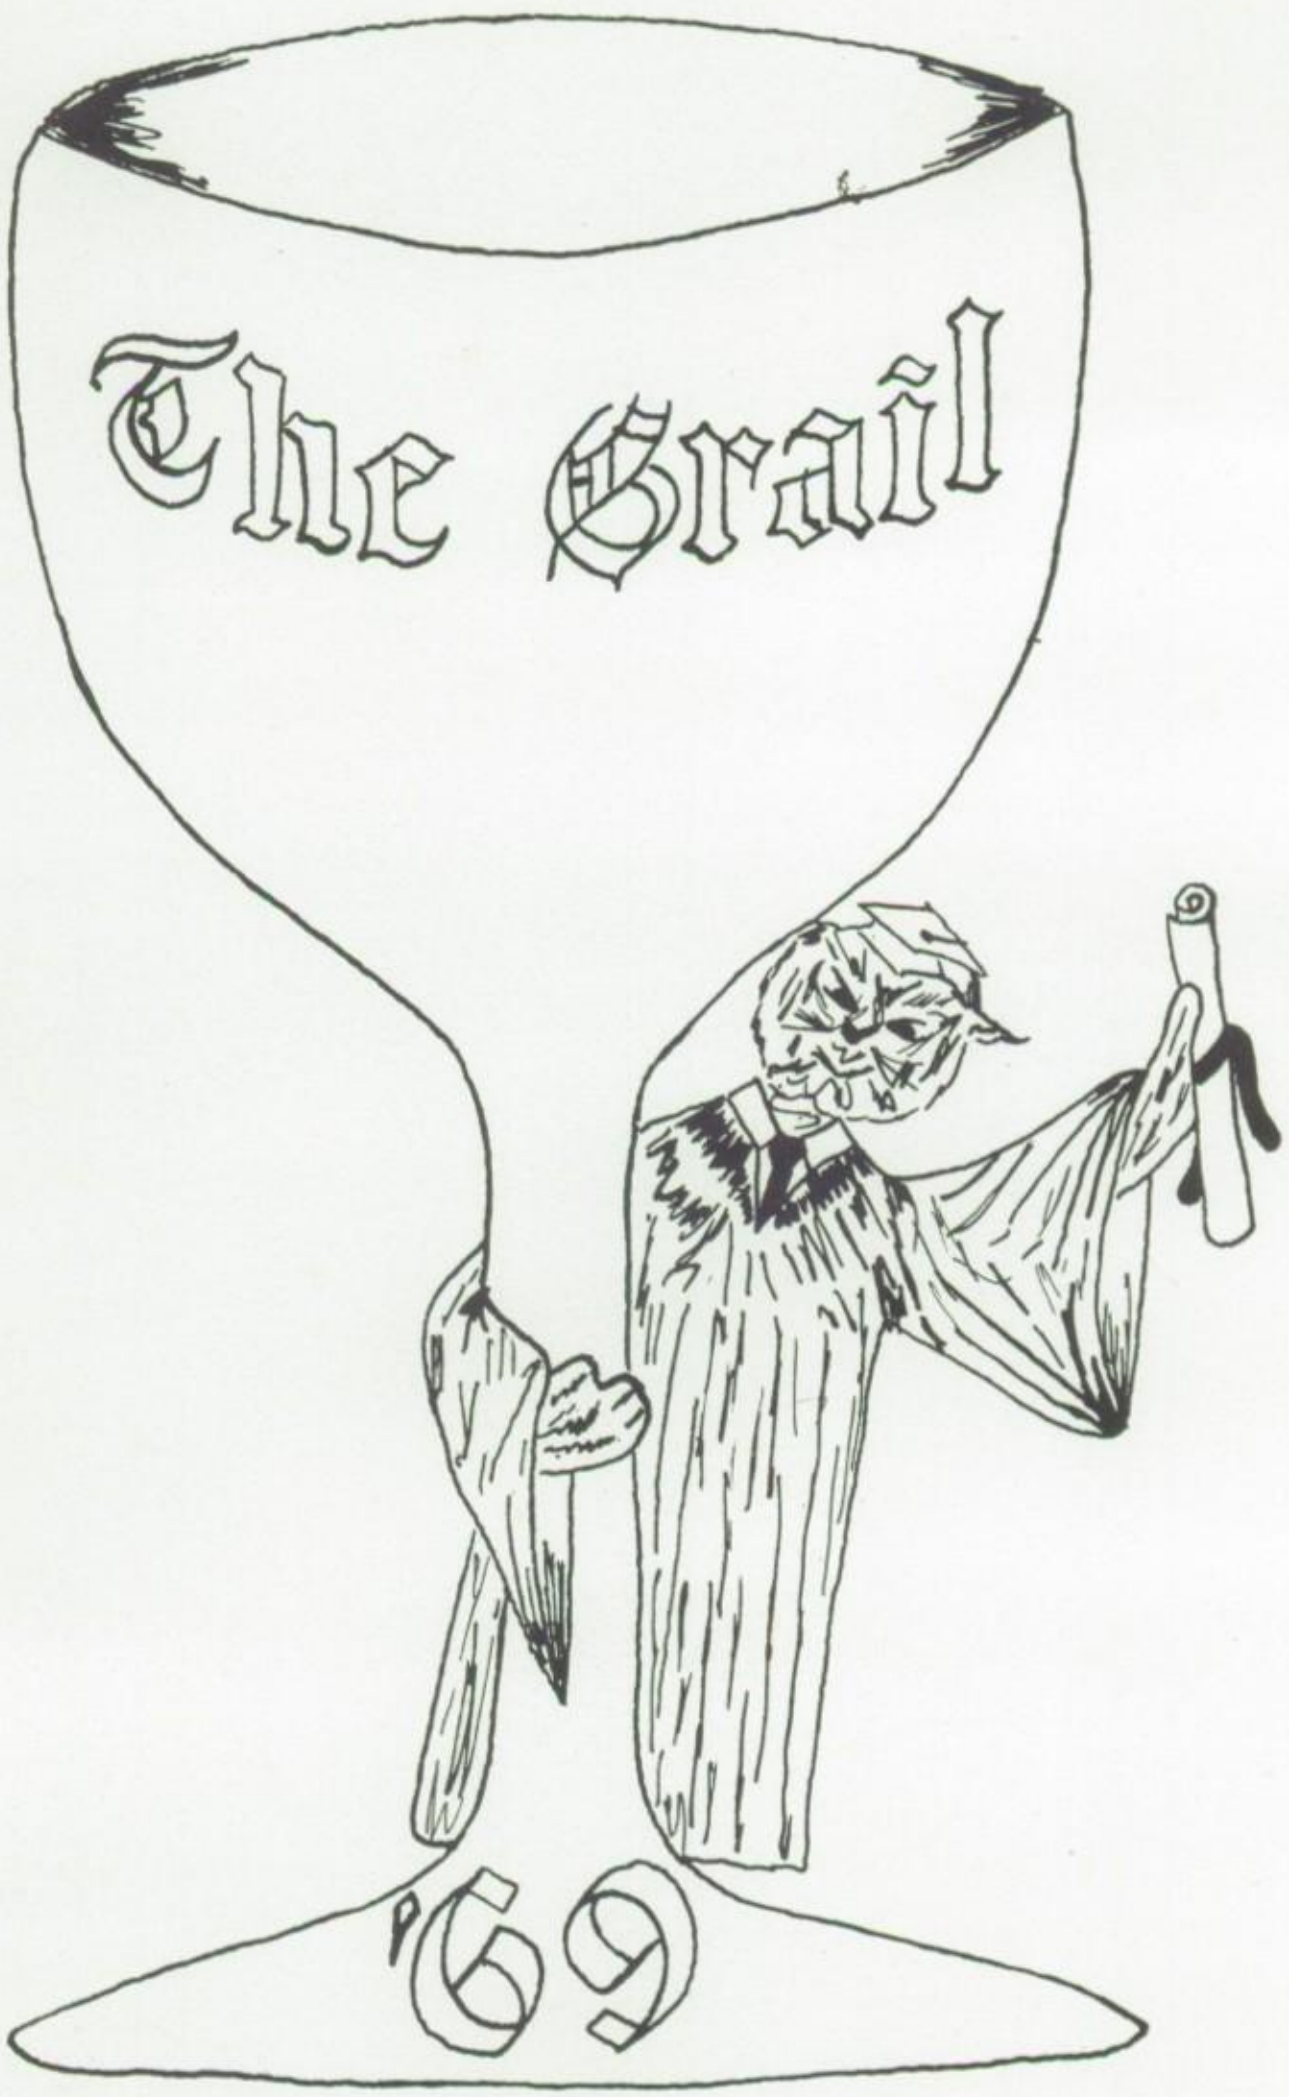
The Senior Class Presents



Wattsburg Area High School

Wattsburg, Pennsylvania

Foreword

To keep the memory of the 1968-69 school year closer to our teachers and fellow students, the Grail staff has attempted to blend all facets of life at Wattsburg. As time passed, we endeavored to retrace this year and the incidents and surroundings which meant so much to this generation. We wanted to remember the victories we achieved in the field of sports, the activities we participated in so enthusiastically, and the time we spent in class engaged in the study of deep and varied topics.

For the Senior Class, Graduation Day will be the climax of all these moments, and others, both happy and sad. Though our high school years have passed, we must remember that a whole world of unlimited opportunities lie before our generation. When we walk down the steps of our school for the last time, we must hold hope for the future; for, as Winston Churchill so wisely said:

"This is not the end:
It is not even the beginning of the end.
It is rather the end of the beginning."

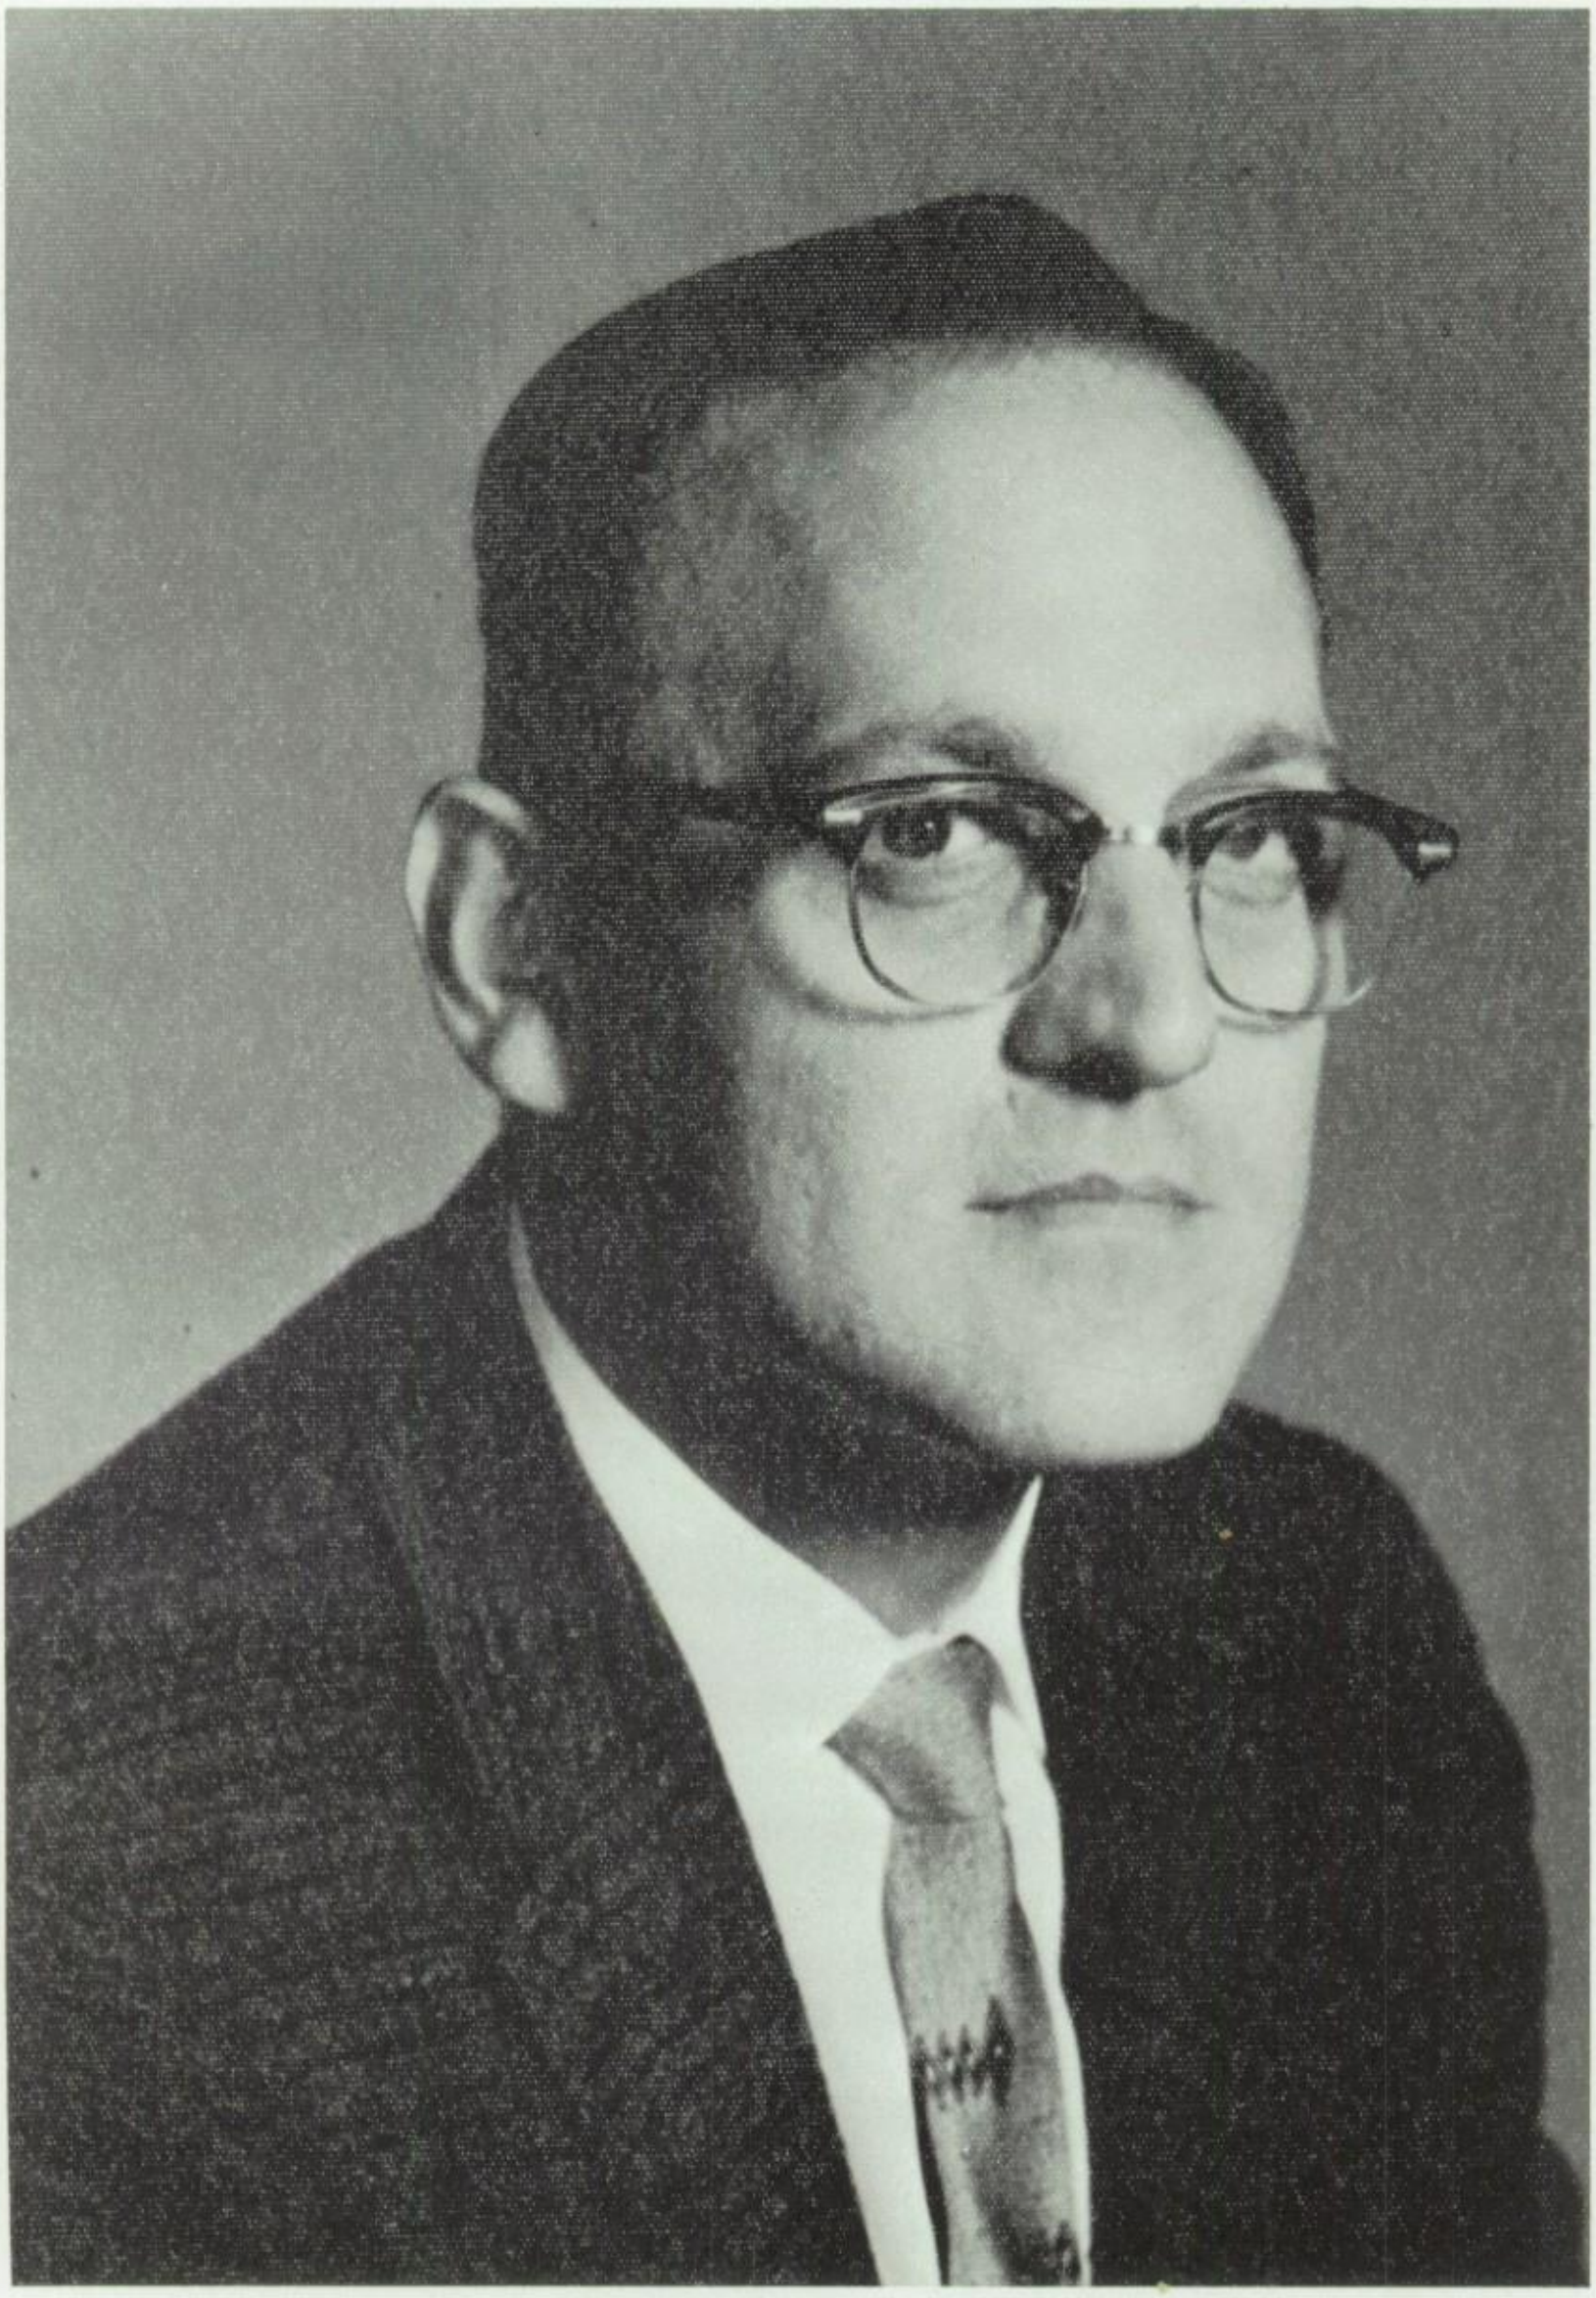
A Man With A Purpose



Mr. William J. De Santi

Dedication

The Senior Class wishes to honor an individual who upholds the ideals of our nation while holding such varied positions as instructor, scholar, coach, advisor, chaperone, and friend. He gives freely of his time when called upon for any service that will benefit his students so that he can share in the triumphs, emotions, battles, and hopes of our lives.

Giving of time, talent, and imagination, he is more than an educated adult; he is an understanding teacher. Respecting our individual opinions, he talks to each student, trying to see what we believe and helping us to reason more clearly and honestly. Because of his belief in individual attention, we are made to feel that we are a part of a select group, each of which is the most important member.

His belief in the education of the total person has aided us in our search for truth in the cause of justice, for peace in a unified nation, and for understanding in the need for an end to prejudice.

Looking at his many accomplishments, we are reminded of one of Socrates' beliefs:

> "The best teacher is not one who crams the mind of the student with the greatest number of facts in the shortest possible time, but the one who is able to kindle a fire of spiritual and intellectual enthusiasm; who strengthens high moral, spiritual, and cultural aspirations; who develops within the student a knowledge of what he can become."

We are proud to dedicate the 1969 Grail to a man who merits our endless thanks, our sincere friendship, and our everlasting respect,

Mr. William J. DeSanti

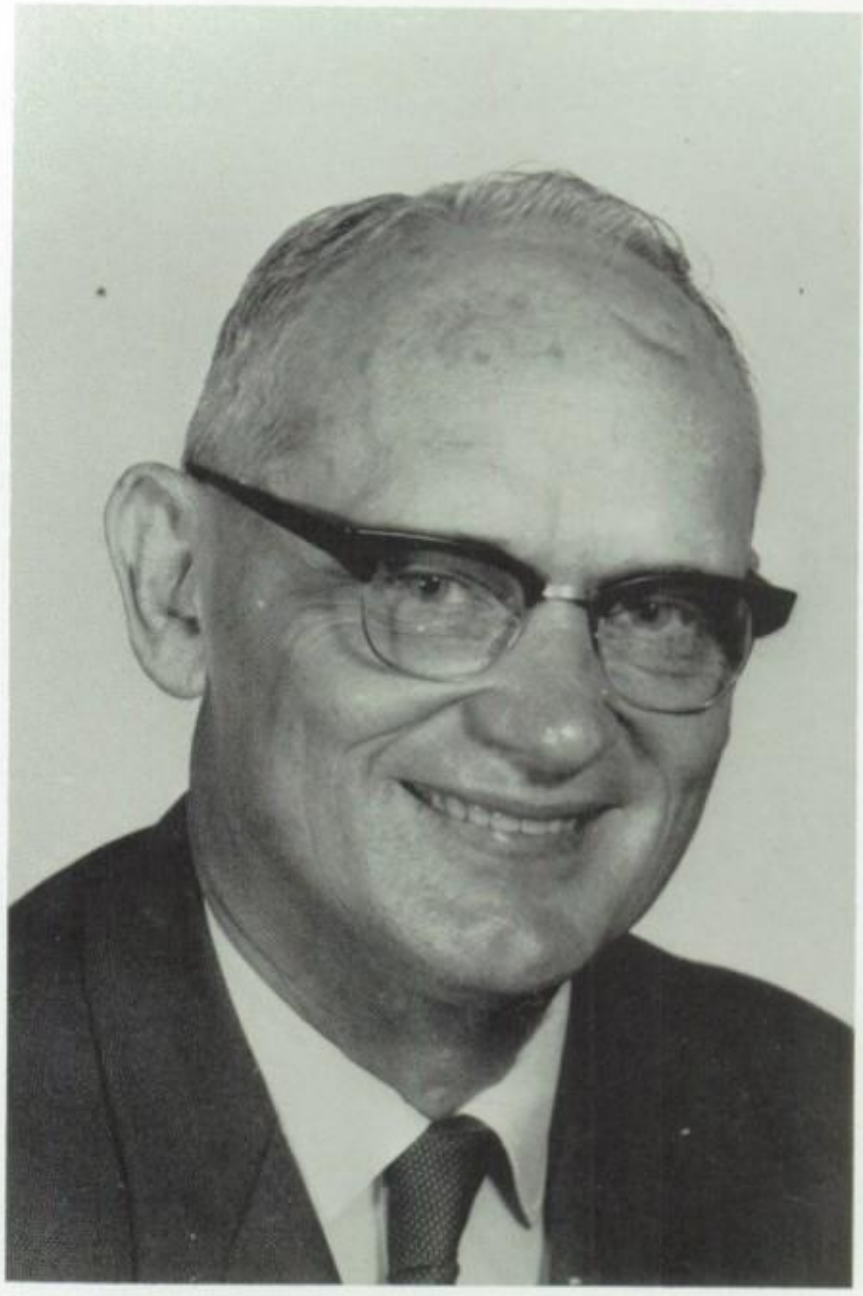
Our Supervising Principal



Within the minds of the staff for the development of the Grail lie great expectations for the 1969 edition - expectations that the edition will provide the viewers in future years with an accurate representation of the events of the 1968-69 school year. These expectations the staff call HOPE, HOPE that every act and deed herein recorded were preserved today for appreciation and understanding for tomorrow.

HOPE needs definition. HOPE may be the ambitions with which the staff wrestles pitted against the apparent limitations of the staff's ability to develop their ideas into fruition. HOPE may be the perseverances of the staff's dreams to fulfill its assignments. Or, HOPE may be the faith that the staff has within themselves that their efforts will bring results that were not evident in the beginning.

HOPE is active. Solutions to the anxieties that require attention today demand the blending of the abilities, dreams, perseverance, and faith of each member. Evident for tomorrow are the accuracy and appeal of the recordings that are assembled today for the Grail. HOPE becomes our expectations.

The progress through past school years has presented similar courses of HOPE for the members of the 1968-69 Senior Class. Today, are they able to anticipate the HOPES for their tomorrows? If each of them in honesty and sincerity can answer yes, the fulfillment of their dreams and hopes for the past years will be evident in their life today.

Congratulations to the present staff of the Grail and to the members of the Class of 1968-69 who, by the successful completion of assigned tasks, have learned today for life tomorrow.

Sincerely,

Charles R. Anderson

Our Principal

"The end is the beginning." This may sound strange to you, but it is true of many endeavors. It is doubly true in reference to education.

One's education should never end. For many of you, your formal education is complete. This does not mean that there is nothing more to learn. Many of you will continue your formal education. We wish all of you the very best.

During your years in school, there have been times when you have felt that we were doing things to you; but, as you move through life, I am sure that you will come to realize that things were being done for you, rather than to you.

It is my fondest wish that you have learned to accept responsibility, made friends and developed those habits that will stand you in good stead throughout life. I shall not attempt to give you a large body of advice. Permit me, however, to say this: Wherever you go, whatever you do, be Ladies and be Gentlemen; and walk in the Path of the Lord, for He is our finest Teacher.

Sincerely,

Billie D. Haney

Some Enchanted Evening

"Miss Kennedy, your dress could be brighter!"

"How do you like my new dentures?"

"Doesn't she ever get tired?"

A Night To Remember . . .

A cool, summer breeze ... candlelit tables ... exquisite, flowing gowns ... exotic flowers ... dancing to captivating melodies ... radiant faces ... unique decorations ... ecstatic conversations ... parties 'til dawn ...

Our Prom at the Beachcomber was a time of happiness; the hall was alive with the excitement of the crowning of a queen. All came in expectation and left with memories of a beautiful experience. This was truly an evening of enchantment when every wish seemed about to come true.

"Aren't we cute?!"

"She still thinks I'm paying!"

Lucy Ortiz

"Friendship between people from all over the world is the most marvelous thing I've ever known, no matter the different languages, cultures, and ideas.

While living with you, I have learned to understand American people; and I have changed the ideas I had before. As an A.F.S. student in Wattsburg, I have met many good friends; and I have found my second home.

I want to thank everyone of you who made this year the happiest of my life. There will always be a Colombian heart grateful to you."

Mr. Kerry Katchen

1936-1969

They are not long, the weeping and the laughter,
Love and desire and hate;
I think they have no portion in us after
We pass the gate.

They are not long, the days of wine and roses:
Out of a misty dream
Our path emerges for a while, then closes
Within a dream.

What we could give if we could say,
"Hello, friend," in the same old way;
To hear your voice, to see your smile,
To sit with you and chat awhile.
So you who have a valued friend,
Cherish him with care,
You'll never know what heartache is
Till you see his vacant chair.

Sports

Our Coaches

Football

"Though the won-lost record of the 1968 football team was not outstanding, the team can be proud of themselves. Wattsburg never had a group of boys more willing to work at football. There was never a group who wanted to win more than this. The coaches feel that wanting to win is the important thing, and hope the seniors will never lose this trait."

Lavern F. Hurlbut

Basketball

"Wattsburg basketball teams have always played a high caliber of ball, and this year will be no exception. We have no returning lettermen, but the boys we do have are coachable, love to play the game, have a great desire to win, and above all - are gentlemen. This season will be an enjoyable one for the players, the coaching staff, and the fans."

George A. Hulsinger

Wrestling

"I feel that this team can be characterized by their desire to excel at wrestling. They made every match very interesting for the fans. There were few times that any boy settled for a loss when he knew that he should beat his apponent."

Lavern F. Hurlbut

Track

"The 1968 track team was one of the finest in the school's history. The team was well-balanced with seniors and underclassmen. In all, eight new school records were set. With many returning lettermen, the prospects are bright for continued success in the future."

Norman J. Cook

Baseball

"Last year Wattsburg returned to the high school "baseball wars" after a five year absence. After a somewhat shaky start, we settled down to play the type of baseball of which we are capable. Our team was composed mainly of freshmen and sophomores; so this year, with more experience under our belts, we have high hopes. One encouraging note - our two victories were over Fort LeBeouf, the 1967 county champions, and Harborcreek, the 1968 county champions."

W. J. Lesko

Football

"OUCH!!"

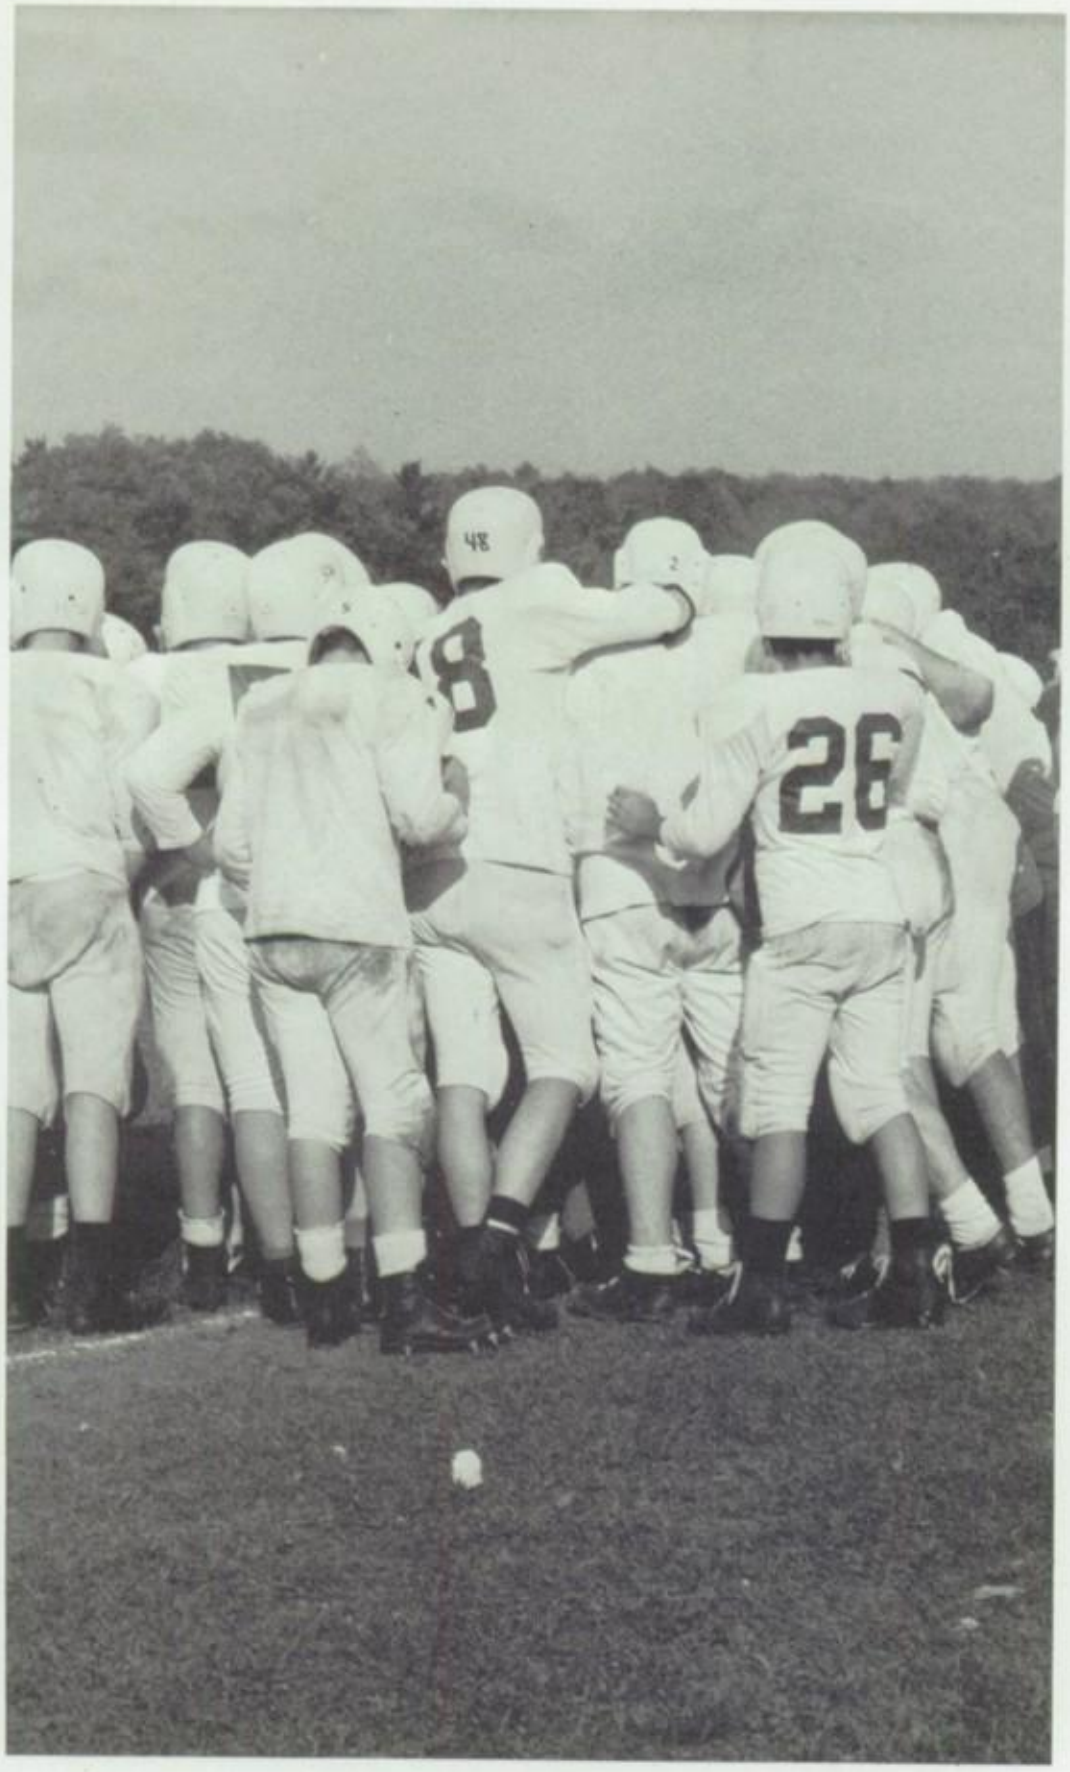
Football Is . . .

The spectator sport . . . touchdowns . . . 2-yard line . . . teamwork . . . a quarterback . . . footballs . . . helmets . . . goal lines . . . linemen . . . kicking the ball . . . tackles . . . goalposts . . . fast action . . . backs . . . field goals . . . scrimmage . . . passing . . . fun . . .

Our team, under the leadership of Coach Hurlburt and Coach Burgert, played football in a way which brought forth some of the largest crowds of spectators ever. Though we did not have a high-scoring season, the action and spirit of the players won everyone's approval.

"Happiness is . . . the game we won!"

"Who's got the ball?!"



"Aw, Coach, we can't stand to see a grown man cry!"

"Now who put that basket so high?"

"Just a little bit more!!"

Basketball Is . . .

a pass ... high jumping ... shooting ... dribbling ... a good aim ... close teamwork ... high baskets ... the sound of speed ... fast movement ... the action sport.

Basketball is the action sport as played by our W.H.S. team. Win or loose, you can be sure the team worked as hard as possible. Their performance can best be described as total effort. At W.H.S. we have the coaches of coaches (Mr. Hulsinger, Mr. Burgert, Mr. Diffenbacher) and the "playingest" players that can be found anywhere.

"Sorry, that's my ball!!"

Wrestling Is . . .

holds ... mats ... pinning a tough opponent ... maintaining a scissor hold ... a referee's whistle ... a smashing upset ... a competitive sport ... one's individual strength ... exhausting ... nervous last seconds ... the taste of cold water ... a few sore joints ... and then V-I-C-T-O-R-Y!!!

The wrestling team for this year consisted of: 95 - Carl Lucas; 103 - Rick Schultz; 112 - Kenneth Richey; 120 - Vern Skarzenski; 127 - Gene Watkins; 133 - Don Lafferty; 138 - Bob Richey; 145 - Dana Morrison; 154 - Jack Yaple; 165 - Vincent Kloss; 180 - Bill Denial; Unlimited - Lenny Sipple.

Unfortunately we do not have a picture of the whole team, but we would like to give recognition to our track stars of 1968, with special thanks to Coach Carlin and Coach Burgert for their work: B. Baseball Is . . .

Springtime ... balls, bats, and gloves ... home plate ... a new sport for W.H.S. ... umpires ... catchers' masks ... right field ... the sport of American youth ... pitcher's mound ... batter's box ... home runs ... second base ... our national pastime ... foul lines ... a sport of individualism.

Now Wattsburg has another sport, baseball, of which we can be proud. Nothing is more exciting than a baseball game, as we have seen after a six-year absence of the sport. We must all consider the hard work our team went through in preparing the field, which was in sad shape, and in starting from scratch to organize into a united, spirited team. Congratulations are also due Coach De Santi and Coach Stiner for their courage and initiative in bringing baseball to W.H.S.; for happiness is "Baseball!!"

This organization is selective and consists of students from the senior high with recommendations from teachers.

Without them, we would not be able to have so many excellent assemblies as we have had, which were presented in an organized manner. Our whole student body owes them a vote of thanks.

A Graduate's Prayer

Father, I Have Knowledge,
So Will You Show Me Now
How To Use It Wisely
And Find A Way Somehow
To Make The World I Live In
A Little Better Place –
And Make Life With Its Problems
A Bit Easier To Face –
Grant Me Faith And Courage
And Put Purpose In My Days
And Show Me How To Serve Thee
In The Most Effective Ways
So All My Education,
My Knowledge, And My Skill
May Find Their True Fulfillment
As I Learn To Do Thy Will
And May I Ever Be Aware
In Everything I Do
That Knowledge Comes From Learning –
And Wisdom Comes From You.
